## SUMMARY

Computer Science student at Purdue University Living in Indianapolis, Indiana. Leading and training at Chick-fil-A, eager for opportunities to grow. Highly accustomed to learning and adapting quickly, wrote HTML for personal GitHub website. A go-getter always trying to be a good, trustworthy person.

## SKILLS & EXPERTISE

Java • R programming • 3-dimensional modeling • Blender animation • Solving abstract problems • Part fabrication and implementation • Situational economics and Game Theory • C programming

## EXPERIENCE

Purdue Office of Summer and Winter Sessions | West Lafayette, IN

### Summer Peer Mentor

March 2023 – August 2024

Guiding high school students through a summer introduction to college.

- Leading a group
- Maintaining a safe environment
- Working with a team

Chick-fil-A | Whitestown, IN

### Team Lead

June 2022 – June 2024

Working at Chick-fil-A taught me how to conduct myself professionally and work quickly under pressure. Communicating in a variety of ways and responding quickly. Filling roles including:

- Training new recruits
- Maintaining a clean environment
- Preparing food and accounting for business
- Customer service and satisfaction
- Closing and opening operations
